Instrument Hire

Perth Bagpiper have a limited number of bagpipes for hire. These are for students that desire to continue their learning but are unable to commit to buying their own set of pipes in the early stages of learning.

The maximum contract to hire a set of pipes is 12 months. After the hire period, it is hoped that the student has purchased their own personal set of pipes to continue their learning journey.

An initial deposit/bond of 2 months hire will be collected. The deposit/bond will be refunded at the end of the hire period. If repairs are needed at the conclusion of the hire period, costs of repair may be deducted from the deposit/bond.

If the instrument suffers damage during the hire period, repair of the instrument is the responsibility of the hirer. Notification of any damage must be given to Perth Bagpiper. It is the hirers responsibility to repair the instrument to its original condition. We will be able to suggest a reputable repairer.

The hirer shall continue to have lessons during the hire period.

The monthly hire charge shall be due on the 15th of each month and shall be paid via direct deposit.

The monthly hire fee will be \$70.00 per month.
